"Movember"

NOVEMBER

The DeKalb student section kicked off the first basketball game of the year with a theme of mustache night. DeKalb's BTV had a competition with the students to see who had the best mustache/beard; the top four winners were able to have a free throw contest to see who truly had the best mustache/beard. The top four consisted of: Henry Smaltz, Spencer Shoemaker, Warren Travis, and last but not least Tiffany Harpenau. Each contestant had two minutes to shoot and make as many free throws as possible. Tiffany swept the competition by making five of the attempts. During the free throw contest, cheerleaders collected free will donations which were given to the Movember Foundation.

In the month of November, DeKalb High School had a group of students along with a handful of faculty members who participated in an event that raises awareness of prostate cancer as well as other male cancer initiatives. The goal of November is to change the face of men's health by encouraging men ("Mo Bros") to get involved. Movember aims to increase early cancer detection, diagnosis and effective treatments, and ultimately reduce the number of preventable deaths.

According to the Movember site, there are rules of conduct for the "Mo Bros":
1.Once registered at Movember.com each mo bro must begin the 1st of Movember with a clean shaven face.
2.For the entire month of November each mo bro must grow and groom a moustache.
3.There is to be no joining of the mo to one's sideburns. (That's considered a beard.)
4.There is to be no joining of the handlebars to one's chin. (That's considered a goatee.)
5.Each mo bro must conduct himself like a true country gentleman.

The Best Christmas Pageant EVER

The story involves the Herdmans, who are the worst kids in the history of the world. They lie, steal, swear, smoke cigars, and hit little kids, so no one is prepared when this outlaw family invades church one Sunday deciding to take over the annual Christmas pageant. None of the Herdmans has ever heard the Christmas story before, so their interpretation of the tale The Wise Men are a bunch of dirty spies and Herod needs a good beating has a lot of people up in arms. But it will make this year's pageant the most unusual anyone has seen and, just possibly, the best one ever. The cast truly enjoyed this play.

Fam(ILY)

Siblings can be a pain, but you can not help to love them. Some students have to put up with their siblings not only at home, but also in the halls of DeKalb High School. A bond with a sibling is a special one. No one can replace a sibling and all the memories you make together growing up. At times you fight, torment, and annoy each other, but in the end a sibling is always there for you.

What are your goals in life?
How do you plan to reach these goals?

No one person is the same as another with their ambitions in life; every person has their own definition of success. Working hard to achieve success, whether it is success in academics, sports, music, clubs, or any other activity, students have different ideas on how they achieve their individual success, so we asked students to use one word describing their journey to success or their feeling after their journey. Each student has their own journey through life, but together each journey becomes OUR journey as a school. Together OUR journeys make up DeKalb High School.

Some relationships through high school can be compared to famous ones we all know. The forbidden love of Romeo and Juliet or Pocahontas and John Smith. The relationship that will last forever like Prince William and Kate, Bella and Edward, or Brad Pitt and Angelina Jolie. The couple that we all knew would be together since childhood like Hermione Granger and Ron Wessely. Then there are the relationships that should have been but never had a chance like Gatsby and Daisy and Jack and Rose from the Titanic. High school is a chance for us to find these types of relationships; our chance to test the waters of dating.

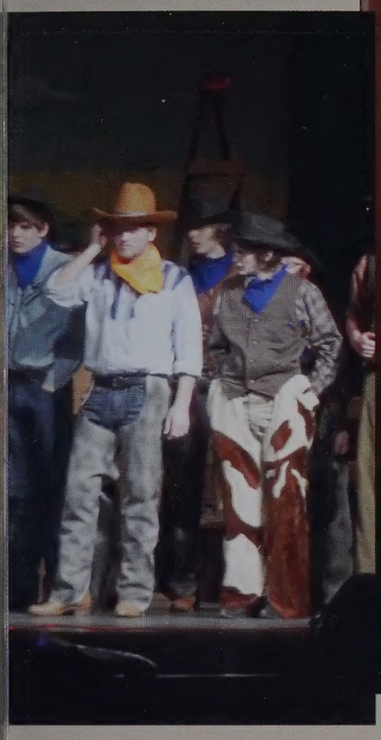
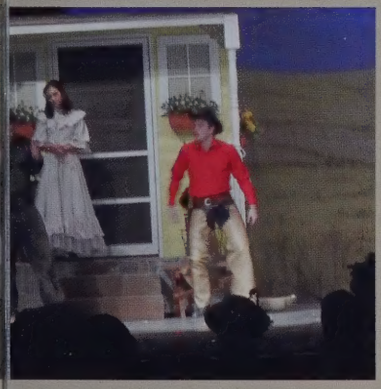
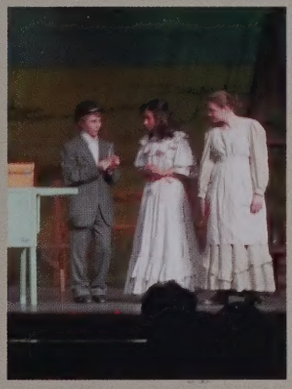
Oklahoma!

Spring Musical







Set in Western Indiana Territory just after the turn of the century, the high-spirited rivalry between the local farmers and cowboys provides the colorful background against which Curly McLain and Laurey Williams play our their love story, Although the road to true love never runs smooth, with these two headstrong romantics holding reins, love's journey is as bumpy as a surrey ride down a country road. That they will succeed in making a new life together we have no doubt, and that this new life will begin in a brand-new state provides the ultimate climax to the triumphant OKLAHOMA!

THE ANATOMY

OF A (D)EKALB (H)IGH (S)CHOOL KID

Walking down the halls of our school, it can be hard to tell who is in what grade. Though every grade level has a specific anatomy. Freshmen are short kids who have a lost look in their eyes. Sophomores cluster in groups of spirit wear and class clothes. Juniors strut around thinking of the upcoming year. Seniors walk down the halls dreaming of graduation and college. We are DeKalb High School students.

Staff and Faculty

From the past to now, our staff and faculty grew up just the way we do. They took all of the classes and met all the people who made them who they are today, just as we will. Benjamin Disraeli once said "The legacy of a hero is the memory of a great name and the inheritance of a great example." We will remember our teachers' great name, and hopefully by the end of our high school experience, we will inherit their great example.

What is New Tech?

New Tech is a totally new environment for learning. Students work primarily in groups in a project based setting with real life applications. Some classes are integrated and taught in a block format. Technology is a constant tool the students utilize to communicate, research, and complete assignments. The goal is for students to be proficient in five learning outcomes: Content Knowledge, Written Communication, Oral Communication, Collaboration and Teamwork, and Work Ethic and Effort. Through Trust, Respect, and Responsibility students are a part of a small autonomous learning community with a family feel that is personal and authentic.

Winter guard is an indoor color guard activity. Unlike traditional color guard, winter guard is performed indoors, usually in a gymnasium or an indoor arena. Performances make use of recorded music rather than a live band or orchestra. In competitions, winter guard teams are judged in the areas of talent, precision, creativity, and horizontal orchestration. Performances incorporate equipment, props, and dance moves. Three primary types of equipment are used in winter guard: flags, rifles, and sabres. Such equipment is used in shows to demonstrate a team's technical ability.

A pep band is an ensemble of instrumentalists who play at functions or events with the purpose of entertaining and "pepping" up a crowd. Often members of a pep band are a subset of people from a larger ensemble such as a marching band or a concert band. Pep bands are generally associated with performing at pep rallies and sporting events. The typical instrumentation of a pep band is the same as most marching bands, using mainly woodwind, brass, and percussion instruments.

A word from Coach Dean.

The JV season went really well. We were 18-9 and had a winning record in our conference play. At the Carroll Tournament, we placed 5th out of 16 really tough teams. We had a lot of girls move up to varsity and borrowed many girls from the freshmen team when we were able to. Throughout the season, we stayed positive and worked hard together as a team, which made the year very enjoyable.

A word from Coach Miller.

The Freshmen girls volleyball team had a good season. We learned to become and play as a team. We lost some players, but the girls stuck together and had a fun time. Overall, I couldn't have asked for a better season from the girls.

The 2012 season was filled with many exciting moments. Starting from th conclusion of two-a-days with the mega slip and slid and ending with an appearance in the sectional championship. The team worked well together, producing a new all-time single season scoring leade recording more shutouts than any team in school history, and placing more girls on the all-conference team than ever before. The most memorable point in the season was the Belmont game. The level of intensity in the second half was electrifying. This season was one of those I didn't want to end, but I am excited as I look forward to next season. While we are losing valuable seniors, good things seem to be looming on the horizon for Lady Barons Soccer. GO BARONS!!!

Player Madison VanWye, number 14, dribbles the ball up the field to pass the ball off to a teammate.

Coach's Words:
Mr. Perez explained "My team did good overall for as young of a team we were. Also the girls cross country team did well getting to semi-state and the guys did well reaching regionals. I'm also excited for sophomore Mark Beckmann making state. The only way his team can be improved is more experience and that is what he intends to establish through the time I am here."

"I will miss the team unity and support from the coaches, and I will miss being with all of my team every Saturday morning at the meets."

Kylie Marple

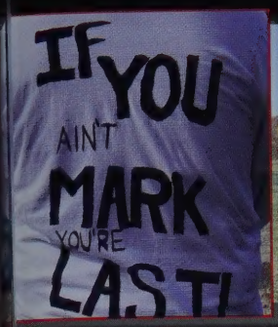
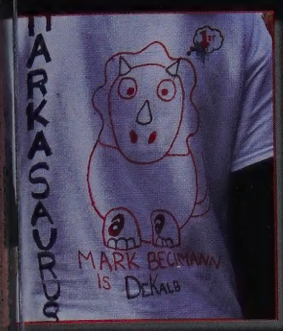
Tiara Teders

James Dillenger

"The most memorable thing would have to be my sophomore year sitting at regionals and wondering if we did the impossible of winning with a five guy team. I will miss team dinners and all the yummy food we ate."





When Mark Beckmann was asked about State he said "It was a very exciting experience, getting a chance to run with the best in Indiana, it was very fun! I will never forget it! I will not forget this season for a very long time. Everyone on the team made the season great from the first practice in summer to the last race of the season. Everyone gave it their best effort all season long. The seniors made the season great and they will be missed! I can't wait to see what next season will bring. Go Barons!" Senior Spotlight

Kristen Konieczki is the only senior this season on the girls golf team. Kristen has made it to Regionals all four years!

Q: What are your plans after high school?
A: I plan on majoring in psychology and youth ministry. My dream school is Valparaiso, but I have not committed anywhere at this point.

Q: Are you going to golf in college?
A: Again, I have not made any final decisions. I think it would be fun to play in college, but I want to be sure I stay focused on my academics and my faith.

Words from the Coach:

"The girls' biggest strength was their commitment during the summer. We had summer sessions where we spent time working on their individual swings. Most of them played in 4 or more tournaments around the state, which helped them get ready for the upcoming season. As a result, the girls won 3 of the 5 invitationals at the beginning of the season, all due to their summer commitment. The team came out 6th out of 18 teams at regionals only the top 3 teams advance."

Boys and Girls Swim

Swimming typically consists of repeating a specific body motion or stroke. There are many kinds of strokes: free style, back stroke, breast stroke, and butterfly. Strokes involve coordinated movements of all major body parts: torso, arms, legs, hands, feet, and head. The students on the boys and girls swim team take part in the dynamic exercise of swimming. Both swim teams put in hard work, determination, sweat, and teamwork to make the best of each meet.

BS(WIN)G Baron Baseball

The DeKalb Baron Baseball Team had a great season with a 17-12 record. Coach Rhodes celebrated his 300th career win during the season, and claimed even more wins afterwards!

With five strong seniors, and many other talented players, the team proved hard-work pays off. A few of the seniors are hoping to continue their baseball career throughout college.

Coaches Corner!

We had a pretty slow start due to rainouts and the cold but once we got our momentum going we played very well. EVERY girl on the team deserved their spot on the roster and brought something to the table that benefited us as a ball club. We ended up 11-7 and were second place in the tournament at New Haven this year. We had great pitching and fielding and our hitting was phenomenal. I was very pleased with the outcome of the season and hope for many more like it.

The coaching staff's goal is to bring the pride back to DeKalb softball in following years. When you pull on that jersey you represent the school and all the hard work in the off season and season. We want them to earn their title as Barons and be proud to put on that uniform and step onto the dirt.

This year's girls were really great at having fun while playing. Once we overcame the slow start to the season we really kept our momentum up and had a great time doing it.

Great Job Barons!!

Boys Golf

Golf is known to be a useful lifelong sport. Golf brings the gentleman out in our DeKalb boys and it reflects back adequately in the way they act both in and out of school. Our boys have done an amazing job this season showing their skill on and off the green. Coach Finchum said "The team hard worked at improving their short game throughout the season, and became much better at this part of the game because of it." he goes on to say "We were a very young team this year and 7 different players had the opportunity of playing varsity at different points of the year." Their hard work and dedication lead them to complete a successful season. Great job Barons!

Quinton has proven himself a fantastic golf player over the past four years. Quinten worked hard to reach his goals and used strategy to beat his opponents. Great job, Quinton!

"Our seniors did a great job and I am very proud of them putting in all their effort to achieve their goals. Spencer and Quinten have been major contributors to the team for the past four years and especially this year. They have very bright futures ahead of them and I wish them the best."
-Coach Finchum

Spencer Shoemaker

Spencer has played golf for the past four years. The DeKalb golf team was very lucky to have him. He diligently put forth his best effort to accomplish his goals. Spencer was the only Baron to advance to regionals. Spencer had a great score of 73 and placed ninth overall. Great job, Spencer!
